Moda is a curated collection of oak timber designed for the Aussie lifestyle. Offering modern colour tones, beautiful wide, mid-width planks, and complimentary herringbone, chevron and stair nosings to match, Moda is perfect for those wanting an on-trend, cohesive interior.

## WHAT IS MODA?

Moda is a curated collection of pre-finished engineered timber flooring with a light brushed Lacquer finish that looks and feels 'untouched' and 'raw'. Crafted from sustainable certified European Oak, Moda is eco-friendly both in the way it is produced and sourced.

'Moda', meaning fashion in Italian, is inspired by unforgettable Italian destinations evoking the feeling of a relaxing escape.

The Moda collection colours are available in two different widths: a classic mid-width 190mm plank and a beautifully wide 220mm plank with 20 thickness option.

Moda 20mm oak comes in a beautiful 220mm wide plank, which can add an upscale and modern feel to a home and elevate an interior aesthetic, and selected herringbone and chevron patterns with matching nosings.

The Collection has a 15mm engineered construction, with 3mm European Oak wear layer, Hardwood Multilayer Plywood core and light brushed lacquer.

The Moda collection is low VOC and has no added formaldehyde.

## WHY CHOOSE MODA?

Moda collection, a range of modern and contemporary on-trend products, exudes a brightness that will linger long in the memory. It is sustainably certified and is the perfect solution for those living a 'green' lifestyle and seeking a healthy home. In fact, it may just be our most eco-friendly collection yet!

- A classic mid-width 190mm plank and a beautifully wide 220mm plank option
- Natural grade or Prime grade (colour dependent)
- Stylish colours developed from the latest global trends
- Matching herringbone (some colours) , matching chevron (some colours) and stair nosings for a cohesive look
- Brushed UV Lacquer finished for a natural look and feel
- Hardwood multilayer plywood core for improved dimensional stability
- FSC® certified, meaning is ethically sourced from sustainably managed forests.
- Low VOC, and does not contain any added formaldehyde
- Compatible with most types of underfloor heating
- Can be sanded up to 1 time if needed
- 25 year residential warranty
- 5 year commercial warranty
- Available in matching stair nosings and stair treads

## WHERE CAN MODA BE USED?

Moda collection can be used on floors, walls and ceilings in both residential and commercial spaces.

Inspired by the timeless allure of loft apartments and the unwavering resilience of commercial spaces, the Loft Collection by The Oak Lab is a durable range of 14mm thick engineered timber and T&G plank.

## WHAT IS LOFT?

Inspired by the timeless allure of loft apartments and the unwavering resilience of commercial spaces, the Loft Collection by The Oak Lab is a durable range of 14mm thick engineered timber.

Drawing inspiration from one of the most famous cities renowned for its loft apartments and commercial spaces, we set out to create flooring that would withstand the demands of high-traffic areas while embracing the essence of New York's suburbs and neighbourhoods.

With its rich colours and captivating textures, our Loft Collection will transform any space into a haven of sophistication. From the warm tones reminiscent of brownstones in Brooklyn to the sleek and modern finishes inspired by Manhattan skyscrapers, this collection offers a range of options to suit any aesthetic.

Loft is an exceptional flooring and panelling collection specially designed to be ultra durable, ensuring that it would endure the test of time, just as New York's neighbourhoods have done for centuries. With its timeless appeal, superior durability, and commercial-grade super matte finish, Loft combines sustainable natural timber with unmatched performance.

The glue-down installation system enhances the premium sound and feel of Loft, while its Harwood multilayer plywood core and brushed UV Lacquer finish ensures long-lasting beauty. With a smooth texture and super matt finish in the future, Loft offers versatility and easy maintenance.

## WHY CHOOSE LOFT?

- 10x modern colours inspired by New York suburbs
- Brushed UV lacquer with super matte finish
- Natural grade available
- Standard 190mm wide planks
- Premium engineered timber, developed from the latest interior trends and inspired by nature
- Matching stair nosings for a cohesive look
- 2mm wear layer
- Hardwood multilayer plywood core
- Low VOC – does not contain any added formaldehyde
- 25 year residential warranty
- 5 year commercial warranty
- Available in matching stair nosings and stair treads

## WHERE CAN LOFT BE USED?

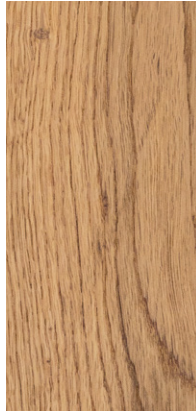

Loft can be used on floors, walls and ceilings in multi-residential, retail, hospitality, and other commercial projects and high traffic spaces.
